Full-Stack Development | Software Engineering | Web Development | Cloud Engineer

Motivated and detail-oriented frontend developer with hands-on experience in building responsive web applications using React.js, JavaScript, and REST APIs. Seeking a React.js Internship to contribute to real-world projects and further enhance skills in component-based architecture, state management, and modern UI development. **Available immediately for internship opportunities**.

- React.js
- Implementation
- Tailwind CSS
- User Experience
- Agile Development
- Code Maintenance
- Technical Troubleshooting
- Debugging & Research

PROFESSIONAL EXPERIENCE

1.SoftSell – SaaS Product Showcase App

   React.js, Shadcn UI, React Router

- **Built a modern, responsive web application to showcase SaaS products using React.js and Shadcn CSS.**
- **Implemented multi-page routing with React Router and created dynamic product listing and pricing components.**
- **Focused on clean, accessible UI/UX and responsive design optimized for both desktop and mobile users.**
- **Link - https://softsell-lovat-six.vercel.app/**

2.InstaMart–Grocery Delivery Web App

React.js, Redux Toolkit, Tailwind CSS, REST APIs

- **Built a fast and responsive grocery delivery platform with features like cart management, live product updates, and filtering.**
- **Utilized Redux Toolkit for global state handling and optimized performance with lazy loading and code splitting.**
- **Link - https://github.com/rahulkakkar01/Instamart.git**

3.CypherVPN – Secure VPN Distribution Platform

React.js, Node.js, OpenVPN, MongoDB, JWT, AWS EC2

- **Developed a secure VPN solution with a React.js frontend for user interaction and server status visualization.**
- **Built backend with Node.js, handling user registration, ".ovpn" config generation, and secure delivery.**
- **Implemented JWT authentication and MongoDB-based user management, ensuring data privacy and encrypted communication.**
- **Deployed VPN servers on AWS EC2, with admin access to manage server health and configuration delivery.**
